## Client Intake Form

### How to prepare for your session:

Please dress in comfortable clothing.

Bring a water bottle along with you.

Bring an open mind. Everyone's experience with healing is unique. It is best to come without attachment to a specific outcome... the healing that you receive, will be totally appropriate for you.

### What to expect:

I offer a very peaceful environment and utilise a standard massage table for your Reconnective Healing® session. I work "off the body" as there is no need for touch.

During the session, the frequencies are often experienced as "registers". Some people have involuntary small muscle movements, some feel nothing, some feel a lot, some laugh (emotional release is not uncommon) - everyone is different.

Afterwards, you may feel a bit "spacy" for a short period of time.

Take notice of things that may change around you - relationships, attracting new and different people, places or experiences, physical changes (perhaps things you didn't expect) etc.

Try to remain as observant as possible after the session.

Often healings are reported in an instant in just one session, and sometimes it takes a bit longer for a healing to unfold. Most people require only one session but some need more. Some enjoy a session every few months.

### What is Reconnective Healing® and The Personal Reconnection®?

Reconnective Healing® is a form of healing that is here on the planet for the very first time.

It is considered to be able to reconnect us to the universe and to our very essence not just through a new set of healing frequencies, but through possibly an entirely new bandwidth.

These healings and evolutionary frequencies are of a new bandwidth brought in via a spectrum of light and information.

It is through The Personal Reconnection® that we are able to interact with these new levels of light and information, and it is through these new levels of light and information that we are able to reconnect.

It reconnects us to the fullness of the universe as it reconnects us to the fullness of our beings and of who we are. In essence, we reconnect to the planet, the universal meridian system and our-Selves.

The Personal Reconnection® is a once-off process facilitated over 2 sessions.
