BICOM® Bioresonance is a highly effective therapy and the ideal complement to conventional medical treatment.

BICOM® Bioresonance is a proven, regulatory therapy modality utilised by medical and complementary practitioners worldwide.

BICOM® Bioresonance Therapy has been successful in helping people for more than 30 years.

It is a non-invasive therapy that is suitable for all age groups and can even be used to treat animals.

BICOM-Therapy® uses Biophysics, rather than Biochemistry and assists the body's ability to self-regulate.
